

New 40GHz Transfer Switch Series: 2K Series

Ducommun has released its commercial grade 40GHz SPDT switch. This is based off their ruggedized DK1 series. The 2K series is available in latching and failsafe versions with options such as:

- TTL Driver with suppression diodes
- DB9 Connector
- Indicator Contacts
- Electronics Self Cutoff (*latching models*)
- Mounting bracket options
- Multiple Voltages: 12V,15V,24V,28V

Standard lead time is 6-8 weeks but can improve if needed
